- | | | |
|-------------------|---------------------|-------------------------------|
| • HTML5 & CSS3 | • JavaScript (ES6+) | • Tailwind CSS |
| • Bootstrap 5 | • Python | • Object-Oriented Programming |
| • Data Structures | • Databases (SQL) | |

Languages

Arabic Native	English Professional
-------------------------	--------------------------------

Certifications

- Front-End Development
- Python Programming
- Web Dev Bootcamp

ACHIEVEMENTS & STRENGTHS

- Self-taught modern front-end stack and AI-assisted development workflows.
- Strong problem-solving mindset with consistent practice on algorithmic challenges.
- Collaborative, detail-oriented, and committed to writing clean, maintainable code.

FEATURED PROJECTS

AI-Powered Portfolio Website

HTML5 · Tailwind CSS · JavaScript · AI Tools

- Designed and shipped a fully responsive portfolio using AI-assisted prompting workflows, cutting build time by ~60%.
- Implemented dark mode, smooth section transitions, and accessible semantic HTML scoring 95+ on Lighthouse.

Task Manager Web App

JavaScript · LocalStorage · Bootstrap

- Built a CRUD task manager with priority tagging, filtering, and persistent state across sessions.
- Applied OOP patterns to keep state logic modular and easy to extend.

Student Records System

Python · OOP · SQL

- Designed a relational schema and Python CLI to manage students, grades, and reports.
- Wrote parameterized SQL queries with input validation to prevent injection.

Responsive Landing Pages

HTML5 · CSS3 · Tailwind · Bootstrap

- Crafted 5+ pixel-perfect landing pages from Figma references, fully responsive across breakpoints.
- Optimized assets and CSS to achieve <1.5s load times on 3G profiles.
